

🧥 SecondWear - Sustainable Campus Fashion Exchange

SecondWear is a web-based peer-to-peer marketplace where students can buy and sell pre-loved clothes ****within their own campus community****. The platform includes secure escrow payments, admin verification of new users, and a complete shopping cart experience.

🚀 Features

- ****User registration & login**** - with pending admin approval (no instant login)
- ****Admin dashboard**** - verify new users, add/edit/delete customers
- ****Product listings**** - browse clothes by gender, category, campus, and price
- ****Shopping cart**** - add items, update quantities, and proceed to checkout
- ****Sell your clothes**** - upload photos and create listings (stored in `localStorage`)
- ****Secure password storage**** - bcrypt hashing
- ****Responsive design**** - works on desktop and mobile
